Minister Morin continued that while Italy did not want war she was prepared. He opposed a reduction in the navy owing to Italy's geographical position. A large number of emigrants were leaving the shores of Italy, he said, and they must be protected. # LEAGUE'S PLACE IN POLITICS DESCRIBED BY THE OBSERVER

A GREAT WORK IN MUNICIPAL ECONOMY HAS BEGUN.

CITY POLITICS INTEREST ALL

Matters Have Taken Shape So That Hard Work Will Be Necessary to Overcome Cliques.

To the Editor: Will the Municipal League enter the field of local politics in the approaching campaign? Such is the oft repeated question to which thus far the league has not made answer. The Observer makes no pretense of speaking for the league. He merely observes what is going on, together with what has transpired in the matter of plain facts and now and then prognosticates a little.

By the Gazette's Courtesy In venturing to write of political possibilities the Observer claims no authority or commission to represent league interests, and wishes it distinctly understood that in the use of political terms, reference is made to spring politics only, and that he writes by courtesy of the Gazette, for the purpose of presenting facts and figures which may have escaped the public eye.

Merely An Opinion

So far as the Observer has noted the league has been careful to distinguish between federal or state politics and city politics proper. No attempt as been made to influence or control any man's political preferences, but simply to ask him to waive everything in the choice of officials who are to handle the city's business.

Political division may be a good thing for some cities, and therefore has its merits, but so far as Janesville is concerned it is at present without a defender. City politics has nothing to do with state or national politics. Whether the citizen receives real or fancied benefits by the success of his party candidate for president or for governor, is a matter of opinion about which the best of men may differ, but there is no room for disputing the fact that in city affairs neither the president nor the governor of the state can interfere one particle to protect the taxpayer from bad local government. Possibly this statement of the case may already be understood by the voters but there is no harm in restating it, since it justifies the existence of the league and will justify its entry into the field of local politics.

Statute of Limitations

And by the way there is nothing harmful about calling a spade a spade. It is no disgrace for every man to be a politician in city affairs which concern his personal life, and the moment he begins to work for the city's interests he becomes a politician to that extent.

There is a good deal of silliness indulged by some people who are always inveighing against the politicians. They seem to forget that their own language brings them within the pale of politics as surely as the poor debtor comes within the statute of limitations.

Neutrality is the proper thing in its place, but the league must be aggressive. Whether it wins or loses is not the main question, although that is important, but to fail in making the attempt would be suicidal.

In previous articles the Observer has stated ample grounds in justification of league influence and the Gazette has the credit of advocating municipal reform with impartial consistency for many months past. It is therefore for the people to say which they want—the same old way of doing business for the public, or will they choose to protect themselves?

There probably is not a man in Janesville who dares undertake publicly to defend the old system of conducting municipal affairs. There are very few who defend it privately. But there are reasons why the present regime should have its friends.

Slight Change Only

No doubt the fact has not escaped notice that the policy of the league has apparently been changed since the adoption of its constitution and by-laws. The main declaration of the constitution is to support good men for public office, and to sustain them in office. Nothing is said about prosecutions or law suits and the Observer has not been much of an enthusiast over these things, for the reason that court cases are apt to be long winded affairs while the election of good men for public office was after all the real issue before the people.

Free Choice the Motto

In choosing which side he will support, the taxpayer will consult his own interests. There is no law to compel him to support anybody, although his interests are so closely interwoven with those of the city, that they are one and the same.

Every parent and every property owner is directly responsible for the good name of the city, and there is a sense of self-respect which every person feels, when he hears his own municipality well spoken of.

Is this worth contending for, or shall it be left to the apologists of the spoils system?

A Case In Point

At this writing the only public expression in favor of the present city government, was when the chief executive jokingly alluded to his constituents who differed with him as "knuckers," leaving it to be inferred that the "knuckers" were all right and "sound on the goose." But the reader will observe that the same argument would justify the burning of public records on account of the high price of kindling wood while the heathen classic might exclaim sententiously, that "whom the gods

would destroy they first make mad."

When the Boss Was Cornered Apropos of former conditions on a large scale, it is remembered that Boss Tweed was a booster in his time, and asked the people of New York what they were going to do about it. When the people awoke to the situation the issue was made between good government and the bad, and the former won. The city of Janesville has a business reputation at stake, and the voters must also settle it for or against.

A Rosy Future

But Janesville is not so far overboard but what it can be restored to its former good name among the business men of Wisconsin and of other states.

The Municipal League might as well realize that it has a powerful organization to overcome and upon this essential point it can make no mistake. This organization extends to every ward in the city and is doing quiet work to keep itself in power. In some respects it is a generous foe and therein has been its main strength. This generosity furnishes candidates for both parties and lets the innocent voters buck heads against each other until the polls close. It has vastly more at stake the coming spring than usual as it has not been on trial before.

More Taxes the Issue

The voters at large will hardly see the end of litigation already commenced before the election, and of course the verdict at the polls is worth having, but if passion and prejudice are to control the voters and if the taxpayers think it is for their interests to take a good boosting each year for the pleasure there is in it, they will re-elect the same men who have been holding the offices. It is plain enough that they are united for a common purpose which is for higher taxes.

Behold This Change

Reforms do not come easy, but they are very acceptable afterwards. It is merely another illustration of the fact that, "when treason prospers none dare call it treason." Less than six months ago it required a committee of three aldermen and a medical expert to visit Chicago to buy one horse for the fire department, and taxpayers felt obliged to speak of the matter in whispers. Everything was running at high pressure and the supply of pork for kickers seemed inexhaustible. The public business was mainly transacted behind closed doors and public officials made report to the council when it was convenient.

How is it now? Can the public encourage a change or not? The spirit of reform has taken such firm hold of the outgoing administration that our grand old municipality hardly knows itself when it looks in the mirror.

Public functionaries fairly tumble over each other in giving account of their stewardships; and this promptness by the way, affects all departments which is still another idea not to be overlooked. There is no advertising for street work next summer, and instead of requiring four or five men to buy a horse you couldn't get even one man to visit Chicago at his own expense. The era of economy seems to have taken firm hold of the city government. Was it the league movement? If it was the league must take the field at the coming election and make its power felt.

Respectfully,

"THE OBSERVER."

# TRIBUTE PAID TO FRANCIS WILLARD

HER MEMORY HONORED IN HER CHILDHOOD HOME.

MEMORIAL SERVICE WAS HELD

Interesting Program Was Given at Good Templars' Hall on Wednesday Evening.

Five years ago on the seventeenth of February, Frances Willard, one of the greatest apostles of temperance the world has ever known, closed her eyes in death. Each year her heavenly birthday, as the anniversary is known by the women who wear the knot of white ribbon, is observed all over Christendom, wherever there is a Woman's Christian Temperance Union.

Such a memorial meeting was held in Good Templars' hall on Wednesday evening, under the combined auspices of the Woman's Christian Temperance Union and the local lodge of the Independent Order of Good Templars. There was a fair-sized audience present and an interesting program was given although the committee was disappointed in several numbers, illness and other reasons preventing some who had been expected to take part from being present.

Lived In Janesville

While the name of Frances Willard is loved and her memory is cherished all over this and other countries, Janesville people feel that their memories of the great woman, who was the founder of the W. C. T. U. movement, are a little tenderer and a little closer than can be left by any other people. This city was her childhood home and it was here that she gave her last public address. On the first Sunday evening in January, 1898 she spoke to an immense audience which packed every available inch of space in the Congregational church.

Devoted To Janesville

Throughout all of her notable career, Frances Willard's fondest love was for this city, for the First M. E. church, for Forest home, the country residence three miles south of the city where she lived with her parents and for her personal friends here. She referred to this love often and her loyalty to Janesville was well known to all of her friends. Proof of this fact is found in the following extract which Miss Anna Fordon, her private secretary wrote from Portland, Me., to the Janesville W. C. T. U.

Miss Gordon's Letter

"We can never forget here eloquent farewell to this beloved home and to the friends of her childhood on the first Sabbath of 1898 and we know you sacredly cherish the memory of that last earthly visit.

"As a child Frances E. Willard loved with rare devotion the wide fields, the fragrant woods, the arching sky and the music of Rock river. Forest home is famous the world around as the scene of the studies and exploits which were a true forecast of her great future. Blessed with parents who could rightly aid the development of her remarkable nature and assisted by wise and loving teachers, this child of the prairies drank her fill of glorious outdoor life and as she has herself said 'stored up electricity for the time to come while the love of humanity deepened in her heart and her spirit was exalted to the worship of God.'"

Personal Remembrances

The entire letter was read by Mrs. Daisy Athon at the joint memorial service, Wednesday evening, Mrs. J. F. Poorman, president of the W. C. T. U. presided and read a beautiful poem "After Five Years." She also gave some interesting personal reminiscences of Miss Willard, telling of her last meeting with her at the national W. C. T. U. convention at St. Louis and of how Miss Willard's greeting became especially cordial when she learned that Mrs. Poorman was from Janesville. J. A. Canniff also gave some incidents from his personal remembrances of Miss Willard and paid high tribute to her and to her work.

Splendid Music

Three good musical numbers added to the pleasure of those present. Mrs. W. W. Warner sang "Two Gates of Life" beautifully, playing her own accompaniment, and Miss Olive Trumble gave two excellent piano solos, "Morceaux Brillants," by Stephen A. Emery, and one of J. S. Taylor's compositions. The entire audience also sang some temperance songs, Mrs. Warner presiding at the piano.

Her Living Memorial

The opening prayer at the meeting was offered by James Webb and the

benedictory prayer was by Mrs. Poorman. A collection was taken for the living memorial to Miss Willard. Each year the local union sends two dollars to be used in the organizing fund. This fund, the gift of love from the unions of the nations, is used by the national bureau for the founding of new unions. By thus perpetrating the organization to which she devoted her life, the wearers of the white ribbon believe that they can most truly honor the memory of Frances E. Willard.

# SCHOOL FOR NURSES IS NOW IN ST. PAUL

Addition to St. Paul Hospital Makes Room for a School for Training.

A recent and a considerable addition to the buildings of the St. Paul City and County hospital, materially increasing its capacity, necessitates an increase in the number of pupils in the Training School for Nurses.

This is the largest general hospital between Chicago and the Pacific coast, having new accommodations for more than three hundred patients. The buildings are of modern construction, the equipment equal to that of the best institutions of a like character anywhere in the country. The visiting staff is composed of many of the leading practitioners of the city of St. Paul, and on account of the diversified service and the large number of medical and surgical cases constantly under treatment, we have extraordinary facilities for the education and training of nurses.

The profession of nursing is one of the most lucrative open to women and has many other advantages that should make it attractive to women who are obliged to earn their living.

We are desirous of corresponding with and receiving applications from young women who wish to enter the nursing profession.

For prospectus containing particulars in detail, address The Superintendent of the City and County Hospital, St. Paul, Minn.

# BELOIT COUPLE IN SAD PREDICAMENT

The Police Gazette of This Week Tells of Skating Accident in the Line City.

Next Saturday's issue of the Police Gazette tells a thrilling story of an accident which befell a young Beloit man. No names are given, but a full page cut attests the truth of the narrative. As the story goes, with a fair companion he was skating up Rock river, earnestly pleading his love and urging her to link her fortunes with his. As she was about to give the decisive answer they skated over some thin ice. The surface gave way and before the eyes of his horrified sweetheart the young man sank beneath the icy waters. The account does not go into further details, although the impression is given that the young man succeeded in rescuing himself from a watery grave.

# STATUTE CLUB IS TO PASS ON BILLS

Organization of Young Lawyers Has Nearly a Thousand Bills to Consider.

Five committees of young lawyers from the Statute Club are industriously engaged in analyzing, criticizing and tearing to shreds a batch of 951 bills which have been introduced in the legislature this year. These bills are being referred to their respective committees: Finance, public corporations, private corporations, politics and judiciary.

Not that every one of the nine hundred and fifty-one bills is given the same importance. Numbers of private appropriation bills will hardly be considered, but others will be given careful consideration. On Monday evening, at the regular weekly session of the club in Jesse Earle's office, these committees will make their report on the respective bills and the club will go into legislative session and pass or reject them as is seen fit.

All leading hotels, restaurants, and dining cars serve Mrs. Austin's Palettes. Much better than others.

## TOBACCO MEN ARE MORE THAN BUSY

WORK OF RECEIVING IS GOING ON RAPIDLY.

### COLD WEATHER A DRAWBACK

Inclement Days Make It Rough to Receive Loads—Little Docking.

At the present time the tobacco dealers in this city are kept busy, getting the tobacco already received packed and to make room for other crops, and are working all the hands they can secure. A majority of the warehouses have a full force and one or two have put in extra tables to accommodate extra help and hurry their packing operations.

**Pay Increased Wages**  
Some of the warehouses that have bought heavily of the crop and are crowded for receiving room are paying a little more per hundred for their work than others. One of these dealers stated that while no was paying more for the work, the hands were not making any more than they were in some other warehouses where they were paying less, for the reason that he was using more care with his packing and it took the hands longer to handle it in the way he desired.

**Receiving Crops**  
Quite a number of the dealers are out at different towns along the tobacco growing district receiving crops, which is no snap this kind of weather. One dealer stated that he was feeling good over the fact that he received six carloads last week and had no other deliveries for a week more.

**Complain Against Dockage**  
A good many farmers are complaining that they have been heavily docked by some of the dealers and had a hard time getting a settlement for the reason that the dealers claimed the crop was not stripped and banded according to contract. Although it is generally reported that there has been less trouble this season than in previous years in this section regarding deliveries, still there are some that have been docked.

**May Do Good**  
This docking may help along the movement now being talked of among the growers not to contract to sell their crops in the future until they are in the bundle and ready for the dealer. In fact an agreement is being circulated among the farmers whereby they are not to dispose of their crop in the future until it is stripped and ready for market.

**Will Please Dealers**  
This doctrine has been preached by the tobacco journals without success and only the growers are seeing the effect of selling the crop before it is fully matured. It is a hopeful sign when growers will uniformly agree not to dispose of their tobacco crop until it is ready for market. The farmer only invites trouble when he executes a contract before his crop is cured and in condition for sale. The easiest escape is to decline to contract out of season. It was believed that the unfortunate experience in the 1900 crop would be a lesson not soon to be forgotten.

The conservative dealers would gladly welcome the day when any crop would not be lifted until it was fully cured and ready for market.

**Tobacco Growers' Meeting**  
A great deal of interest is being taken in the meeting of the Wisconsin Tobacco Growers and Dealers' association which takes place in Madison on the 25th. The association has offered a number of liberal prizes for the best types of leaf produced in the state and there will undoubtedly be a large exhibit of samples. The program will be under the charge of experienced men and will be instructive to all present.

## DENTISTS ATTEND CLINICS IN FORCE

Five of Ten Offices Represented at Sessions of Chicago Odontographic Society.

Five of the dental offices in this city were represented at the anniversary of the Odontographic society of Chicago, the meetings of which have been held during the past three days, coming to a close last evening. Every dentist in the Hayes block looked his door for two days while he went to Chicago where the meetings were held in the building of the Northwestern Dental college.

These dentists have brought back the report of the greatest meeting in the history of dentistry. 2500 were enrolled at the sessions. Clinics were conducted by about one hundred and fifty dentists from every state in the union. Wisconsin was represented among the clinic conductors by Drs. Cudworth, Lauderdale, Brown and Southwell of Milwaukee; Fee of Superior, and C. S. Bradley of Beloit.

Drs. L. L. Leslie, R. R. Powell, R. J. Hart, I. M. Holsapple, and J. R. Whiffen of this city attended the meeting.

## LADIES SERVED A SPLENDID SUPPER

Feast of Good Things at Christ Church Parish House Enjoyed by Many Patrons.

At the Christ church parish house, Wednesday evening, an excellent supper was served by the ladies of the Guild. The patronage was liberal, the ladies in charge being kept busy waiting on the people who kept the four long tables filled between the hours of 5:30 and 7 o'clock.

The menu was an elaborate one and all the viands which contributed to the appetizing whole being of excellent quality. It was a supper which was a credit to the ladies of Christ Church, than to whom there are no better caterers in the city. Mrs. C. D. Stevens had charge of the supper and she was assisted in serving by Mesdames E. B. Holmstrom, M. E. St. John, A. E. Bingham, Mary Merrill and Misses Mabel Shumway and Elizabeth McKey.

## YOUSSEFF WINS FROM SANDOW

TERRIBLE TURK TAKES TWO OF THREE FALLS.

### GOOD EXHIBITION OF SPORT

Men Were Evenly Matched, and Outcome Was Doubtful Until the Very Last.

Lovers of the wrestling game were given an opportunity last evening to see one of the prettiest matches which has been held in Janesville this season. The principals were Young Yousseff, the Terrible Turk, and Young Sandow. The match went to Yousseff, but not before Sandow had won one fall.

The wrestlers were, perhaps, not the best who have met on the mat this year, but they were so evenly matched that the bout was anybody's up to the last seconds of the contest. One hour, six minutes and six seconds was the total time of the match. Not Largely Attended  
Assembly hall, the scene of the set-to, proved well adapted for the purpose and the entire audience was provided with seats which furnished a good view of the match. The attendance was not as large as might have been desired, not exceeding three hundred, but in the hall the number did not seem scanty. They were not lacking in enthusiasm, although it was clear that the Turk is not a Janesville favorite. He was given a rousing cheer when he took the match because he had earned it, but in general he was applauded grudgingly. When Sandow succeeded in taking a fall the men rose from their seats, waved their hats and yelled themselves hoarse.

**Preliminary Match**  
Before the main event two local boys met in a preliminary wrestling bout. They were Fred W. Jensen, aged 13, weight 98 pounds, and Roy Lighthizer, aged 17, weight 105 pounds. The match was best two out of three, no holds barred, pin falls only, and was taken by Lighthizer in two straight rounds.

The match served well enough as a curtain raiser. The boys were closely matched in skill, although it was evident that they were somewhat lacking in a scientific knowledge of the sport. They were inclined to resort to choking tactics instead of straight holds. Lighthizer took the first fall in four minutes.

In the second Jensen pushed matters from the start, but lacked the strength or skill to pin his opponent to the mat. Finally Lighthizer secured the upper hand and took the fall; time, twelve minutes and eighteen seconds.

**Main Event of the Evening**  
In the Yousseff-Sandow contest the Police Gazette rules governed. No holds are barred. Any tactics are permitted except gouging, biting, scratching or choking. A neck hold is permitted, but not strangling. The terms were the best two out of three falls, catch-as-catch-can. Only pin falls to count, with two points of the body down. W. H. Appleby acted as referee and C. C. MacLean as time keeper.  
It was about 9:15 when Referee W. H. Appleby gave the word to the

men. After the usual sidestepping the men went to the mat, and a moment later Yousseff was applauded for gaining a half Nelson on Sandow, which however, netted him only a rolling fall, which did not count. The applause was transferred to Sandow for his skill in breaking the hold. The Turk then resorted to lifting his opponent bodily from the floor and letting him fall in the hope of securing a hold, but with neither the hammer lock or the half Nelson, which he tried successively, was he successful. The Turk was aggressive from the first, and after sixteen minutes and ten seconds won the first fall. The hold was a half Nelson and leg hold.

**Second Round**  
When the men came together the second time they went to the floor with Sandow on top. Just as it looked as though the Turk was to be downed the powerful foreigner turned the tables, only to have them reversed again a moment later. After nearly twenty-five minutes of varying fortunes both men went at the contest with renewed vigor. Their struggles became fast and furious. Sandow was bleeding from a cut on his elbow received in the first set-to from a piece of copper wire projecting at the edge of the mat. After some effective work with his legs, Sandow secured a half Nelson and crotch hold and took the second fall. The house went wild.

**Last Fall For Yousseff**  
In the third round the men went at it in a way that was good to see. For eight minutes they walked about the mat, waving their arms and trying to pick an opening that would give the advantage from the first. Then they went to the mat. Sandow and the Turk alternately had the advantage. Both broke some holds that looked as though they would end the match, and the applause became more noisy. There was nothing to show which way the match would go. Sandow seemed to be the favorite, but Yousseff broke one hold after another. Two half Nelsons in succession were tried by the Turk, and Sandow barely succeeded in breaking them. His next hold was a full Nelson and it was that which gave him the match. The time was thirty-two minutes and forty-five seconds.

## Paine's Celery Compound

RESCUES A SUFFERER WHO HAD GIVEN UP ALL HOPE.

The liver, the largest and one of the most important organs of the body is, to thousands of young and old, a source of suffering. It has been truly said that a diseased liver means physical and mental tortures and dangers. The common symptoms of liver complaint are loss of appetite, nausea, vomiting, turned tongue, constipation, impure blood, headache, depression of spirits and a host of other evils.

Are you a victim of liver complaint? Do you experience any of the symptoms noted above? If so, do not fail to make immediate use of Paine's Celery Compound, the only medicine that directly strikes the root of the trouble, and that infuses new life into every inactive organ. Mr. C. U. Beaumont, Memphis, Tenn., gives the following testimony: "For many years I was a sufferer from liver trouble, and at times endured terrible agonies. My blood was in bad condition and headache and constipation added to my miseries. The doctors were unable to cure me, and I lost all hope, and at times wished for death. Upon the advice of a friend, I commenced to use your wonderful Paine's Celery Compound. After taking the medicine for two weeks, I felt very much improved. I have taken in all seven bottles, and thank God, I am today healthy and strong. Paine's Celery Compound truly saved me from the grave. I shall always recommend it."

**Fighting Snow in the West**  
The history of railroading in the Rocky mountains and in the north-west is the history of snow-fighting as well as engineering, bridge-building and tunneling. The snow begins early in those high altitudes. The railways lie often between sheer mountain walls. The winds—on the plains sometimes friendly as well as sometimes hostile, for they sometimes clear the track—are here all hostile. They can only blow the snow along the tracks. Down the mountain sides the first hint of warmth in the late winter sends the released snow to block all possibility of traffic. Not merely the drift, but the avalanche, must be fought. The ways in which the snow problem is met are two—the preventive and curative. The preventive agents are three sorts—snow-fences, snow-sheds and tunnels—though these last are not primarily for the purpose of outwitting the soft, silent foe of travel.—February Woman's Home Companion.

**Marketing Live Fish**  
A Swiss concern has patented an ingenious device for transporting live fish, which promises commercial value, as well as scientific interest to inland colleges desiring to obtain specimens of marine life for classroom and laboratory work, says Country Life in America. The device consists of a tank of water with a cylinder of oxygen attached. The most delicate fish can be packed in great quantities and will keep alive for thirty-six hours, and it is expected that with larger cylinders of oxygen the time will be lengthened. Shellfish and eels could be packed like sardines in a box. The device is automatic and requires no care during transportation. Large quantities of live fish are now being sent from Switzerland to other parts of Europe by the inventors. This firm receives seventy-three cents a pound for live brook trout delivered in Vienna, while the dead ones bring only twenty-seven cents per pound.

**The Lapidary**  
Great Lapidary, fix upon Thy mill  
This sordid earth! Wipe off the  
mould of green,  
The writhing life, vermicular, ob-  
scene,  
The slime of sea, the scurf of town  
and hill.  
Then grind, O Lapidary! Labor still  
Polish the lifeless, primal granite  
clean.

Till mirrored true, shines from its heart serene  
The undistorted image of Thy will,  
And then?—Wouldst Thou Thyself be still the same?  
Would God be God if lacking even me?  
Nay! Here I shout my challenge into space:  
Thou dar'st not lose, fronting Time's lonely face,  
One monad cell that thrills its life to Thee,  
One gem of love that sparkles back Thy flame!  
William Samuel Johnson, in the February Atlantic.

The leading article in the February Atlantic, George W. Alger's "The Sensational Journalism and the Law," is an admirable discussion of certain insidious tendencies in the effect of much contemporary journalism upon the popular mind. After noting some of the means of legal restraint upon the "yellow" excesses of papers, Mr. Alger passes to consider the deeper and more vital question of the undermining of the sense of justice of the people and the actual perverting of the procedure of the courts which often results from newspaper stories of important civil and criminal trials. As Mr. Alger pungently concludes:—

"To thoughtful men the severest charge yet to be made against this new journalism is not merely the influence it attempts to exert, and perhaps does exert, in particular cases, but that wantonly and without just cause it endeavors to destroy in the hearts and minds of thousands of newspaper readers a deserved confidence in the integrity of the courts and a patient faith in the ultimate triumph of justice by law."

**Costly Economy in the Foundry**  
Of the total castings made in foundries, at least three-fourths are made in moulding boxes, or, to use the usual American term, flasks. The number and fitness of the available flasks or moulding boxes is thus a matter of the greatest importance. Foundries in many cases have their stock of moulding boxes neither large nor fit, and it is the one with good boxes sufficient in number which survives when the stress comes of dull trade and low prices. In some foundries a box part is considered past use only when it has become dangerous to use, or has been dropped out about three times in one

day. If it drops out only occasionally, it is not considered as being anything worse than not just as good as it ought to be. It would be well if moulding boxes of doubtful character were made to be a credit and profit to their owners by being remelted and cast into ones which will not drop out.—Robert Buchanan, in The Engineering Magazine for February.

**A Pen Picture of Morgan**  
Sitting within ten feet of Mr. J. Pierpont Morgan at the Ohio club banquet at the Waldorf-Astoria, I could not help thinking of the power represented in that one fist when he struck the table with his hand in approving applause. His short-cropped grey hair, sparkling dark eyes, shaggy brows and his bulldog mouth gently shaded by a dark moustache,—there was a man of international renown and power and perhaps one of the greatest financiers that the world has ever known. Mr. Morgan has a way of gripping the big black Mexican cigar (which he smokes (no banquet brand for him) rolling around in his mouth—blowing out the smoke with the force of a locomotive, grasping it between first and second fingers—even in the repose of the banquet hall. These are some of the minute mannerisms which mark the man who plays for any stake short of the universe. His keen eyes followed the speaker's—and his smile in a nod of recognition to a friend was fascinating. On each of his small fingers he wore a seal ring. His necktie was a simple white one, over the stand-up white-winged collar. In his button-hole a crysanthemum. After all, a primitive man in his tastes and manners, but dynamic in every move and gesture.—Joe Mitchell Chapple in February National.

**Little Things that Count for Success**  
(From the World's Work.)  
"It's often the little unheard of things that are making the great reductions in manufacturing costs," said a patent lawyer recently. "Only this morning a manufacturer, a workman and I settled the matter of two little wheels that the workman had invented for an automatic machine he had worked over in the employer's shop. No one will ever hear of it, but the little contrivance will save the manufacturer between forty and fifty thousand dollars a year, and the working man won't have to mind the machine either."

## NOVELTY PARTY WAS A SUCCESS

WOMEN TOOK ENTIRE CHARGE OF THE DANCE.

MEN WERE IN BACKGROUND

Large Crowd Had Jolly Time at the Party Given by Olive Lodge No. 27 D. of H.

When the ladies of Olive lodge, No. 27, Degree of Honor named the dance given under their auspices on Wednesday evening, a Novelty party, they chose its name most appropriately. The dance was given in West Side Odd Fellows' hall and was largely attended, the hall being crowded to its capacity.

To the casual observer who dropped in for a minute or two during a dance, it would have seemed very much like an ordinary dancing party but one could not linger long without discovering that usual customs had been turned topsy turvy and that all rules which generally prevail were reversed.

On this occasion, although it is not leap year, the gentlemen were shorn of all their usual rights, privileges and authority. A woman took tickets at the door, a committee of women had entire charge of all arrangements and women floor managers saw that the dance program was well arranged and that the floor was well cared for.

**Women Ruled Supreme**  
In fact, the gentlemen were gently but firmly compelled to "go way back and sit down" in a truly literal sense. From the very first the ladies were distinctly "the whole thing." The invitations, which were quite unique, being heart shaped and sent out in brown paper envelopes, were issued to the ladies reading "yourself and guests." The ladies paid for the tickets, much to the delight of their masculine friends. It was the fair females also who took the initiative at the dance and for once the gentlemen knew how it felt to have the awful fear of being a wall flower.

The ladies, however, entertained their gentlemen friends royally and no one was allowed to have a dull time. They gave the men some pointers on how to run a dance and give every one a good time. Excellent music was furnished by an orchestra from the State School for the Blind.

**The Committees**  
The party was given under the direction of the work committee of the lodge. This committee, which also served as the reception committee, included Mesdames Maude Taylor, Mary Conroy, Mary Slater, Mabel Dunwiddle and Jennie McCue. The floor managers were Mesdames Mabel Dunwiddle, Mary Slater, Jennie McCue and Ida Bidwell. Mrs. Mary Dunwiddle had charge of the door.

## WISCONSIN CITY TO GET LOCATION

Hon. Ogden H. Fethers Is in Chicago on Knights of Pythias Business.

Hon. Ogden H. Fethers went to Chicago today to attend a meeting of the board of control of the uniformed rank of K. of P. to settle on the location of the headquarters of the order. A majority of the board are in favor of a Wisconsin location and it might possibly come to Janesville. Mr. Fethers has put up a big fight for its being located in Janesville and at one time it seemed almost certain that this city would be chosen. The fight now seems to be between Milwaukee, Madison and Fond du Lac. It is a big thing for any city to secure the headquarters of this organization as a large amount of business is transacted during the year and it means the addition of about thirty-five families to a city's population.

## SHOOTING CLUB ELECTS OFFICERS

Janesville Enthusiasts Make Ready for a Series of Meats Next Summer.

The Janesville Shooting club held its annual meeting last evening and transacted considerable business of importance to the club. The traps and other property belonging to the organization will be put in good shape and a series of club shoots will be held during the coming summer. The officers elected for the ensuing year were H. H. McKinney, president; W. McVicar, vice president; A. C. Jenkins, secretary and treasurer; C. W. Schwartz and J. H. McVicar were elected as members of the executive committee.

## FINANCIAL AID SENT TO SWEDEN

JANESVILLE PEOPLE CONTRIBUTE TO RELIEF FUND

FOR THE FAMINE SUFFERERS

First Collection Taken in This City Has Been Forwarded—Americans Are Generous.

Janesville people have joined in the movement, which is becoming quite general throughout the United States, for the relief of the famine sufferers in Sweden. The first contribution from this city has been sent to "Svenska Amerikanska Posten," a newspaper published at Minneapolis, Minn. From there it will be sent direct to Stockholm, Sweden.

Already \$10,000 has been sent to Sweden as a proof of the practical and genuine friendship of the American people. The heart of the nation goes out in great sympathy toward the people who are enduring such terrible hardships and the reports of extreme suffering are read with the deepest sorrow. Americans have lost no time in little words but all over the country there has been a general movement to show the sympathy in a practical way. In some instances state legislatures have taken action, mayors of cities have issued proclamations calling for financial aid and large funds are now being raised.

**Admire Swedish People**  
The general public responds to the call for aid the more readily because Americans admire the Swedish people for their industry and their economy. Their present circumstances are due to no fault of theirs. Nature has been unkind and the famine suffering has been the unavoidable result.

**Local Fund Raised**  
As their first contribution toward the relief of the sufferers, Janesville sent \$18.25. The amount is made up of small sums collected through the efforts of the P. A. Hammerlund, of 15 Dixon street. Mr. Hammerlund is employed at the Janesville Machine works and the majority of the men who contributed were his fellow employees.

**List of Contributors**  
Those who assisted in the raising of this first collection were John Vankirk, who gave \$3.00; S. Trulsson, John Blerkness, Charles Johnson, Hans Gunness, Peter Berg, A. G. Anderson, Edward Erickson, Robert Gestland, S. C. Cobb and Mrs. S. Trulsson, who each contributed \$1.00; P. A. Hammerlund, Mary Paulson, Mrs. E. Borklund, Charles Swanson, H. Anderson, K. Gronmyr, Ole Kiese, Sam Peterson, Mrs. O. Johnson and Peter Nelson, fifty cents each and Louisa Knutson, twenty-five cents.

## RALPH GROVE HAS GONE TO CHICAGO

Has Accepted a Lucrative Position with a Large Retail Jewelry House.

Ralph H. Grove has gone to Chicago where he has accepted an excellent position as watchmaker with the firm of Clapp & Cowie, retail jewelers in the Marshall Field building on Washington street. For the past six years Mr. Grove has been in the employ of Hall, Sayles & Fildfield with whom he learned his trade. He is an excellent workman besides being a young man of exemplary habits and his resignation was accepted with reluctance by the local firm.

Mr. Grove's removal from this city is also regretted by a host of friends. He has been especially prominent in the work of the Baptist church and its Christian Endeavor society and also in the local union of young people's societies. His place in these organizations will be hard to fill for he has devoted much time and enthusiasm to the work.

The position which Mr. Grove has accepted carries with it a splendid salary and is in every way one on which he should receive congratulations. He will make his home with his brother, Morgan Grove.

## MISS PARKER GAVE A PLEASANT PARTY

Aged Hostess Entertained a Company of Friends at a Six O'clock Tea.

Miss Susan Parker entertained a small company of friends in a charming manner at her home, 161 Prospect avenue, Wednesday evening. Although Miss Parker recently celebrated the seventy-ninth anniversary of her birth, she retains her activity to a marked degree and her cordial hospitality and her interest in her friends seems to increase with the passing years.

At six o'clock on Wednesday evening an elaborate three-course supper was served for her guests, covers being laid for twelve people. Partners for supper were secured in a novel way, each gentleman reading a conundrum which had been given and securing for his companion at the table the lady who held the correct answer.

The party was a most enjoyable one Miss Parker's guests being Rev. and Mrs. Robert C. Denison, Dr. and Mrs. Q. O. Sutherland, Messrs and Mesdames William Bladon, Thomas S. Nolan and William S. Jeffris and Mrs. Martha Nash.

## CITY CASES ARE NOT AFFECTED

PLAN TO DISMISS JURY UNTIL MAY, NO BAR.

THEY ARE ALL CIVIL SUITS

New Time Would Bring the Farmers Into Court at a Busy Season.

There is a movement on foot among the local attorneys who have the bulk of the jury cases at the February term of court to have the jury excused until May 12. A petition to this effect was made out yesterday and presented to Judge Dunwiddle previous to his leaving for Milwaukee. While the judge has made no formal order on the opening of court on Monday next the judge will in open court dismiss the jury until May 12 to accommodate the attorneys interested in jury cases.

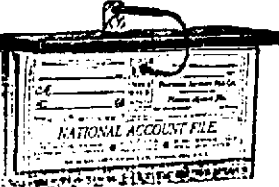

**Peculiar Time**  
This is considered a peculiar proceeding by many for the reason that the April term of court was changed to February to accommodate the farmers that are drawn for jury duty, on account of it being at a time that all are busy with spring work. It would not help the farmer juror any to be called the 12th of May as that is a time when they are very busy and it means that the county will pay for a day's attendance and mileage for appearing and being dismissed.

**Not Affect City Cases**  
This change will have no particular bearing in the city cases and the petition was not made on this account. The case of Fildfield Bros. vs. Brown & Connors and J. B. McLean is not a jury case and would be tried by the court.

**Purely Business**  
The lawyers say that this step was taken simply because they had so much business on hand that they could not attend to jury cases at this time.

**Notice**  
The annual meeting of the stock holders of the Janesville Street Railway company, will be held at the office of Thomas S. Nolan, suite 311-313, Jackson Building, in the City of Janesville, Rock county, Wisconsin, at two o'clock in the afternoon of February 23, A. D. 1903.

## SURPRISE FOR ARMY CIRCLES

### J. F. WADE A MAJOR GENERAL

Gens. Breckinridge and Ludington Are Also Advanced and Then Retired—Other Changes in Prospect Furnish Food for Official Talk.

Washington, Feb. 19.—Army circles were given a genuine surprise when the names of Brigadier General J. C. Breckinridge, M. I. Ludington and James F. Wade were sent to the Senate for promotion to the rank of major general. The original program contemplated the promotion of General Wade to take the place of Major General Robert P. Hughes, commanding the Department of California, who retires April 11. Instead of carrying out this plan the department promotes Inspector General Breckinridge and Quartermaster General Ludington and retires them on the same date with General Hughes in order to clear the way for General Wade's advancement.

**Recognizes Service.**  
There is an impression in well-informed military circles that the enactment of the general staff law and Gen. Breckinridge's connection with that legislation were potent factors in bringing about the change of plan. General Breckinridge would not have retired under ordinary conditions until January, 1906. General Ludington, however, would have retired for age July 4. In recognition of their long and honorable service the Secretary of War, with the approval of the President, concluded to advance them both to the grade of major general on the condition that they retire at once.

**Changes in Sight.**  
Other important army changes in the near future will be the promotion of Major General S. B. M. Young as lieutenant general on the retirement of General Miles next August, the promotion of Brigadier General S. S. Sumner to the grade of major general on the retirement of Major General George W. Davis in July, and the promotion of Brigadier General Leonard Wood to be a major general to fill the vacancy caused by the promotion of General Young.

**Others to Retire.**  
Orders were issued at the War Department for the retirement of Brigadier General Joseph P. Farley, recently promoted from colonel in the ordnance department, and Colonel Lawrence S. Babbitt of the ordnance department. Seven of the other brigadier generals confirmed at the same time as Colonel Farley are to be successively retired, one each day until the list is exhausted, up to the case of General Francis Moore, who is to be retained on the active list for service in the Philippines, where he has been stationed for some time.

**CLASH IN HOUSE.**  
Messrs. Hull and Slayden Indulge in a Wordy Wrangle.

Washington, Feb. 19.—A sharp clash between Messrs. Hull of Iowa and Slayden of Texas took place in the house in the course of debate on the conference report on the army bill. Mr. Slayden charged Mr. Hull with bad faith in not giving the house a chance for a direct vote on an amendment allowing army officers to deposit their money with the government and receive 3 per cent interest. He said Mr. Hull had promised such a vote. "I desire to say," interposed Mr. Hull, "that that statement is not true."

"The gentleman's courtesy," retorted Mr. Slayden, "is equal to his veracity. It is a cheap form of debate which permits the gentleman to indulge in the expression he has used, and only the fact that I am at the bar of the house restrains me from replying to his blackguardism as it deserves."

This colloquy aroused the house, and Mr. Mann undertook to rebuke Mr. Slayden. He said he was surprised that Mr. Slayden should use an expression "far worse" than that employed by Mr. Hull.

"The gentleman's idea of good manners does not especially commend itself to me," replied Mr. Slayden, who proceeded to say that only very strong provocation had induced him to say what he had. He then quoted from the Record to show that Mr. Hull had virtually pledged the house an opportunity to vote on this proposition.

Mr. Hull, defending his position, said that he had carried out committee instructions. He said personally he would have preferred to allow the house to pass upon the antagonized amendments separately.

**Favors Target Practice.**  
Washington, Feb. 19.—Admiral Dewey does not think the marksmanship of the American navy has deteriorated since the battle of Manila Bay, but he does think that the gun fire of other naval powers that have taken a lesson from the Spanish war has greatly improved, and that therefore constant target practice with full charges is a prime necessity to the future efficiency of all United States war ships. This view was expressed by the admiral, fortified by his experience of the last few weeks with the maneuver fleet in the Caribbean sea.

Admiral Dewey highly commends the naval appropriation of \$500,000 for target practice, and indorses the recommendation of the secretary of the navy that \$120,000 be appropriated for prizes for excellence in gunnery.

**Cortelyou Assumes Office.**  
Washington, Feb. 19.—George Bruce Cortelyou, secretary to the

president, took the oath of office as secretary of the new department of commerce and labor. Coincidentally with the induction of Mr. Cortelyou into his new office, William Loeb, Jr., private secretary to the president, was sworn as secretary to the president. In the interim between Mr. Cortelyou's retirement from the one office and his elevation to the other he was presented by the White House executive staff with a handsome silver vase, as a token of regard and affection.

**Hawaiian Bonds.**  
Washington, Feb. 19.—Representative Hamilton of Michigan has introduced a bill to authorize the governor and secretary of Hawaii to issue bonds of that territory in such sum, not exceeding \$500,000, as, together with the money already appropriated by congress, may be sufficient to pay all the judgments growing out of the suppression of the bubonic plague in the territory in 1899 and 1900.

**Urge Crum's Confirmation.**  
Washington, Feb. 19.—A petition signed by ex-Gov. P. B. S. Plinchback of Louisiana, Dr. Charles B. Purvis, John F. Cook, Kelly Miller and Whitefield McKinley of Washington, D. C., urging the confirmation of the nomination of Dr. W. D. Crum as collector of the port of Charleston, S. C., was submitted to the senate.

**Opposition Grows Less.**  
Washington, Feb. 19.—Official information from Bogota indicates that the opposition to the Panama canal treaty considerably diminished on the publication of its full text. In official circles there it is believed there will be no danger of the canal treaty not being approved by the Colombian congress.

**Judge Shiras Resigns.**  
Washington, Feb. 19.—Justice Shiras of the United States supreme court has presented to the president his resignation as a member of that tribunal, to take effect Feb. 24. Former Secretary of State William R. Day of Ohio has been selected as the successor of Mr. Shiras.

**Defeat for Morgan.**  
Washington, Feb. 19.—The resolution offered in the senate by Mr. Morgan declaring that no provision of the Panama canal act shall be nullified by the canal treaty was considered by the senate committee on foreign relations and an unfavorable report authorized.

**Ruling on Cigars.**  
Washington, Feb. 19.—The attorney general has issued an opinion that the treasury department may release cigars when packed in violation of law on payment of a fine equal to the duty when, in the opinion of the secretary, the importation does not involve fraud.

**Judges Are Confirmed.**  
Washington, Feb. 19.—The senate has confirmed Willis Vandeventer of Wyoming as United States Circuit Judge for the Eighth judicial circuit and John T. McDonough of New York as associate justice of the Supreme court of the Philippine Islands.

**Two Officers Retire.**  
Washington, Feb. 19.—Orders have been issued at the war department for the retirement of Brig. Gen. Joseph P. Farley, recently promoted from colonel in the ordnance department, and Col. Lawrence S. Babbitt of the ordnance department.

**Extradition With Mexico.**  
Washington, Feb. 19.—The senate committee on foreign relations has authorized a favorable report on the extradition treaty with Mexico and an agreement with France extending the provisions of the French reciprocity treaty to Porto Rico.

**Not Subject to Duty.**  
Washington, Feb. 19.—Attorney General Knox has given an opinion to the secretary of the treasury in which he holds that prohibited and smuggled goods are not subject to the payment of duty in addition to forfeiture.

**To Join Squadron.**  
Washington, Feb. 19.—The gunboat Bennington will be commissioned at the Mare Island navy yard March 1 and attached to the Pacific squadron. She will be commanded by Commander Chauncey Thomas.

**Sends Kin of Lafayette.**  
Paris, Feb. 19.—The foreign office has announced the appointment of the Viscount de Chambrun to be an attaché of the French Embassy at Washington. He is a great-grandson of Lafayette.

**Nash Goes to Siam.**  
Washington, Feb. 19.—President Roosevelt has sent to the senate the nomination of Paul Nash of New York to be secretary of legation and consul general at Bangkok, Siam.

**A. W. Wishard Resigns.**  
Washington, Feb. 19.—Albert W. Wishard of Indiana, solicitor of internal revenue, has resigned.

**Denver to Get a College.**  
Pueblo, Colo., Feb. 19.—The committee of Presbyterian clergymen appointed to decide on the site for a Rocky Mountain college has decided in favor of Denver.

**Button Factory Burns.**

**'Big Pottery Plant' Burns.**

## A GREAT TRUTH.

How It Has Spread From Home to Home in Janesville.

In every part of Janesville; in the homes of the wealthy, in the humble abode of the man of toil, 'tis now a well-known fact—a great truth—that Doan's Kidney Pills have brought more comfort to backache sufferers and cured more sick kidneys than any medicine of modern times.

Mr. H. P. Hanson of 103 Pleasant St., engineer employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with lame back or any kidney disorder. After procuring them at the People's Drug Store I took them and felt better, sleep better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills."

## CURES CHRONIC CATARRH

**Hyomel Cures Worst Form of This Disease in Any Part of the System.** It is the height of folly to continue doctoring a catarrhal disease by stomach drugging, when the whole trouble lies in the respiratory organs where nothing can reach the germs but a local direct treatment by inhalation. Hyomel is Nature's remedy for the cure of catarrh. Just breathe it a few times daily and it will effect a cure.

You may have catarrh of the stomach, liver or kidneys and Hyomel will as surely cure it as it will catarrh of the head and throat. The catarrhal germs are in the mucous membrane or tissues and Hyomel not only kills the germs along the air passages, but enters the blood with the oxygen, killing the germs in the blood.

The medicated dry air that goes through the air passages and into the lungs when Hyomel is breathed through the inhaler that accompanies every outfit, is rich in ozone, purely vegetable and filled with marvelous healing and strength giving qualities.

If you are tired of stomach drugging and seem to grow weaker all the time, "throw physic to the dogs" and get well with the health giving Hyomel treatment that is Nature's own method.

Rev. J. B. Cook of Holliston, Mass., says: "My wife has suffered greatly from catarrh for fifteen years. Nearly four weeks ago she commenced to use Hyomel and beneficial effect was immediate. It is very seldom that she needs to clear her head and throat and she is able to rest quietly at night. For years past she has been troubled with pain in her limbs which we supposed was rheumatism, but since she has used Hyomel that affliction has disappeared."

"King's Pharmacy will return your money if Hyomel does not cure you of catarrh. This shows their faith in the remedy."

## HOWARD KYLE WAS A JANESVILLE BOY

He Once Resided Here, and Made  
His Professional Debut in  
This City.

There are some people in this city who remember Howard Kyle, not as the talented actor who is to appear at the Myers Grand, Friday evening, in "Laughter and Lies," but as a in knee pantaloons. His playmates in those long ago days when he played marbles and went fishing the same as all ordinary boys. Little dreamed that one of their number was destined to win a measure of fame and fortune on the dramatic stage. It is very probable, also, that James A. Denniston was unaware of the fact that his bakery was being swept out daily and his errands run by a coming star in the theatrical armament.

Nevertheless it is true that Howard Kyle spent a part of his happy boyhood as a resident of this city. In those days, however, he was known as Kyle Vandereriff, the name by which he was christened, but which he discarded as too cumbersome when he entered the dramatic profession. In its stead he united his father's Christian name with his own and in public and private life he has ever since been Howard Kyle.

He is a native of this state, having been born at Shullsburg where his mother's sister, Mrs. John Stevens, still resides. On the occasion of his last visit to this city in 1899, a party of Shullsburg people came here to see him in his role as an actor. It was the first time that Mrs. Stevens had ever been in a theater, she being a strict member of the Methodist Episcopal church.

Mr. Kyle lived in Janesville when he was about eleven years of age. He is a relative of J. W. Bischoff, of Washington, the blind organist and composer who for many years was organist at the Congregational church in this city. By a curious chance it was in this city that Mr. Kyle made his professional debut and Mrs. Oscar King, of Chicago, then Miss Minerva Guernsey, of this city, was a member of the same company.

Mr. Kyle has been in Janesville in his professional capacity once since that time. On the fourteenth of June, 1901, he gave a magnificent production of Clyde Fitch's great play "Nathan Hale" at the Myers Grand. Those who saw his dignified portrayal of the part of the young Revolutionary hero will be especially anxious to see his new play, "Laughter and Lies" Friday evening. Mr. Kyle is an actor whose abilities are far above the average standards. Personally he is a charming conversationalist, a genial companion and a gentleman, acquaintance with whom brings genuine pleasure.

## BROWN LOST HIS INITIAL MATCH

Frank Clapper Easily Takes Victory  
from Former Janesville  
Man.

The wrestling match at Sharon on Tuesday night between Sam Brown, formerly of this city, and Frank Clapper, the champion of Walworth county, was disastrous to Brown's wrestling aspirations. He was not in it at any time and Clapper won the match in twenty-two minutes. Quite a number from here attended the match and said Clapper handled Brown with ease. Herman Kath of Clinton was backing Clapper and stood ready to lose considerable money on him.

Adverse Examination: An adverse examination in the case of Miles N. Tolles vs. the Town of Center was held yesterday afternoon before Court Commissioner M. P. Richardson.

M. G. Jeffers went to Chicago this morning on business.

Mrs. O. W. Benis and son Ralph are visiting friends in this city. Bank Has Bonds: John Blake of Blake Bros., street contractors, was in the city yesterday from Madison and secured the money due him from the city for the improvement of Milton avenue and also the special assessment bonds awarded him. Mr. Blake disposed of these bonds to the Rock County National bank and there will be quite a little accrued interest coming back to the credit of the property owners.

Miss Fannie Dooley entertained a number of her young lady friends last evening at a six o'clock dinner.

Plumbers Meet: There will be a meeting of the Plumbers' union at Assembly hall this evening at 7 o'clock. All members are requested to be present.

## IN THE JUSTICE COURTS

Suit has been brought against William Jones by Annie Winters for \$10.65, alleged to be due on a board bill. To papers were filed in Jesse Earle's court and the case was called yesterday. A counter-claim for \$12 was filed by Mr. Jones for injuries to an overcoat which he alleges was torn by one of the servants in her boarding house. The case was adjourned for one week.

Judgment was given by Justice Jesse Earle against Mary Rowan in favor of L. L. Leslie for \$11.77 for dental services. Judgment for unlawful detainer was given in the case of Parmella Groesbeck against Herman Smith.

Decision is to be given today by Justice Earle in a rather complicated case. The case is brought by H. W. Arndt against W. S. Milligan and judgment has already been given in favor of the plaintiff for \$54 and costs for drilling holes for blasting purposes at the Milligan quarry. In order to obtain payment James Shearer has been garnished. He acknowledges \$19.50 indebtedness for stone which he had bought of Milligan, but said that it was claimed by Charles Carlson, Frank Knipschield, and Fred Roesling, Sr. The former claimants allege a lien for hauling rock, and Mr. Roesling holds a chattel mortgage on the rock. The case was tried last Friday and will be decided today.

The case against V. Fraunfelder for a whiskey bill, which was to have been called today, was settled by agreement between the parties and dismissed. The complaint was filed in Justice Reeder's court.

## LOCAL PERSONAL PICK-UPS

Clinch Club: The Ladies Auxiliary club was entertained yesterday afternoon by Mrs. John Joerg at her home on Prairie avenue. The ladies spent a very pleasant afternoon about the card tables, the prizes being won by Mrs. D. Davey and Mrs. J. Gallagher. The games were followed by a choice luncheon and a musical program.

Go To Madison: Several of the local grocers went to Madison this evening to attend the last days session of the state convention of the Retail Grocers' association. Those who attended were J. H. Jones, C. N. Vankirk, H. M. Dodrick, John Nolan and Edward Baumann. W. W. Nash was in attendance at the meeting yesterday and returned home last evening. The meeting was well attended by grocers from all parts of the state and a number of important measures regarding the retail trade were adopted.

A Knight's Fun: It is rumored that at the meeting of the Knights of Pythias last Tuesday night, a prominent citizen was given the degrees and unknown to many of the members, a photographer (who is a member of the order), had his camera and took some twenty views of the said prominent citizen all of which will be shown on the canvass tomorrow night at the social session. Invitations have been sent to all the families of the K. P.'s to be present at which time the entire work of the second edition of the hysterical degree will be given, illustrated by actual work. We predict that every one of the ladies fortunate to have received an invitation will be present. Ladies who will attend will please get the pass of the degree from their husbands before they come to the Castle Hall, and the ceremonies commence promptly at 8:30 p. m.

Comma in the Wrong Place.

A misplaced comma has got a Greeley county, Kan., paper into a peck of trouble. The journal in question recently published an item in which the following sentence occurred: "Two young men from Leoti went with their girls to Tribune to attend the teachers' institute and as soon as they left, the girls got drunk." The comma belonged after the "girls," and the latter are making it hot for the editor. - St. Paul Globe.

## PARTY GIVEN FOR MISS CARA SAWIN

Charming Afternoon Luncheon Was  
Given by Mrs. C. S. Putnam  
and Mrs. Mary Doty.

One of the sweetest luncheons ever enjoyed in Janesville society circles was given by Mrs. C. S. Putnam and Mrs. Mary Doty at their home, 252 Park Place, Wednesday afternoon. The luncheon was given in honor of Miss Cara Sawin, of Troy, N. Y., who is the guest of Mrs. Mary H. Eldredge. Twelve ladies had the pleasure of enjoying the hospitality of these hostesses, who always entertain royally and about whose companies there is always a distinctive charm.

This luncheon at which Miss Sawin was the guest of honor, was especially pretty. The ladies were all handsomely gowned and their appearance added much to the attractiveness of the scene at the table. The dining room was decorated in pink and white and the table was especially pretty with its costly service of china, cut glass and silver, a great bouquet of pink roses as the central decoration and the unique place cards. These cards were excellent representations of long stemmed pink roses, artistically executed in water colors. They made handsome souvenirs of the delightful occasion.

An elaborate menu was served, the luncheon including seven courses of delicious viands. Appreciation of its excellence was manifested in a most undeniable way and two hours were delightfully spent in the enjoyment of the spread and the happy conversation which accompanied it.

Invitations had been issued for half after one o'clock and after the final course of the luncheon had been served, the guests found pleasure at the card tables. Six handed euchre was played, the first prize being won by Mrs. J. G. Rexford and the consolation prize by Mrs. Cannon, of Chicago, who is the guest of Mrs. F. H. Blodgett.
